Cypress Rosehill Beautification Project Update

Back in the fall of 2009 we announced our intention to beautify Cypress Rosehill for the betterment of the district. Since that announcement there have been many hours of planning, designing, and behind the scene activities to make the project a reality.

The time has come to begin the construction phase of the project. As you may have noticed there has been a new fence constructed at Water Plant #2 at the corner of Cypress Rosehill and Huffmeister. On Monday June 7th construction will begin on the residential portion of the project. The first phase of construction will begin at the Walgreens and proceed north. The landscaping will follow closely behind the fence construction. It is anticipated to take approximately five months to complete the project.
